Experienced WordPress Developer with 4+ years in custom themes, plugins, WooCommerce, and PHP development. Skilled in Elementor, ACF, JetEngine, and API integrations. Strong problem-solver with a focus on performance, security, and clean UI/UX. Delivers fast, scalable, and fully customized WordPress solutions for businesses.

Work Experience

WordPress Developer • Nexcel Solutions

October 2023 ~ Now • 2 years 2 months | Lahore, Johar Town

- Developed custom WordPress themes, plugins, and WooCommerce features using PHP, Elementor, ACF, and JetEngine to deliver high-quality client projects at Nexcels Solutions.
- Improved website performance, security, and UX while integrating APIs and building scalable features like memberships, dashboards, and booking systems.

Junior WordPress Developer • Creative Tech Solution

February 2023 ~ August 2023 | Islamabad, G-13

- Built custom WordPress themes, plugins, and WooCommerce features using PHP, Elementor, ACF, and JetEngine to deliver advanced, client-ready solutions at Creative Tech Solutions.
- Enhanced website performance, security, and user experience while integrating APIs and developing scalable modules like dashboards, memberships, and booking systems.

WordPress Intern • Blogger Bracket

March 2021 ~ October 2022

- Started my career at Blogger Bracket as an intern, working on a wide range of projects using major page builders including Elementor, Divi, WPBakery, Avada Builder, Wix, and SquareSpace.
- Assisted in designing and customizing responsive websites, improving layouts, and delivering clean UI/UX while learning professional WordPress development workflows.
